# The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Berna started off very slow and initially missed a lot of lessons. However, she has managed to turn it around and is now very focused in lessons and eager to complete her work. She always tries to produce a good standard of work.

During the last 6 weeks, in the assessment salon, the students have been completing their units for the level 1 portfolio. Learners have also continued to practice their practical skills on their blocks and on each other. In addition, all level 1 learners have acted as an assistant to the level 2 stylists. This has enabled them to continuously build their confidence

Berna is a very committed student, who sets her own targets for the lesson. She demonstrates commitment by always arriving early to the lesson, ensuring that she has a level 2 stylist to work with to complete her assessments.

Berna is capable of working independently and as part of a team. She has a very positive approach to her role as a level 1 student. She has the ability to achieve her qualification.

Berna has also has a very good punctuality and attendance record
Berna also can be very lazy and disrupted when she is with the others
but when she is on her own she get on with her work. Berna has done
a number of clients in the afternoon lesson and she has enjoyed the
work I really do believe she has the ability to make a good stylist
but she like to follow her friends to stay in with them. I have tried to
encourage her to find a salon and work on saturdays.

Berna has made a steady improvement through out the course. Berna's attendance has been the most improved, but needs to work on her concentration as she is easily distracted. Berna is achieving pass marks in her exams. I hope that Berna progresses to the second year of hairdressing as I think this would be a positive challenge.

For this term the learner have been introduced to cutting hair using basic technique's. They have developed and demonstrated their skills in cutting by practicing on a block during a practical session.

Berna works well when she puts her mind to it and can produce good work. She some times get distracted from others in the class.

Berna target would be to practice on her block sectioning hair and using he scissors and comb.

Smart Targets: make sure you improve your attendence and less chatting to other in class

Comments:

learners have been working on unit G20 health and safety, they understand and are aware of all the health and safety legislations and acts. they are able to follow them and put into practice what they have learnt in the salon.

Berna needs to improve her attendance for theory and practical, she is capable learner and works well when set tasks. Berna needs to chat less to her friends and don't be influenced by them.

My advise and target for Berna is to turn up for each lesson and less chatting and more work.

During the past 6 week all level 1 learners in this theory session have been learning about the variety of different shampooing techniques. This included learning about health & safety and the professional ways of providing this service. Also- exploring the benefits of working in a team or independently.

When Berna attends she works to a satisfactory standard.

Target is working towards completing handbook H.1 by Friday 11th December.

Review Term: Autumn/Spring/Summer

Review: Autumn September 2009- November 2009

Issues Raised: Berna has had a slow start to level 1 Hairdressing. Her attendace has been very poor due to illness, but must improve if she is to be successful in this qualification. Berna must catch up on theory that she has missed and practical sessions. She gets on well with her Peers and i think is more than capable of catching up, but she must be focused on the tasks and attend regularly.

Review: Spring

Issues Raised:

Berna Is a very capable learner, she should be able to pass this course with flying colours, but she must concentrate on her own studies and not be mislead by her friends.

I have discussed this with Berna, she knows what practical assessments she must carry out to complete the course and she has shown me that she studies for her on line exams through the results.

I have put Berna on report for conduct and behaviour in lessons this has been through association with other members of her group.

Berna you need to knuckle down and think about your own education and get the work that needs to be completed.
