- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Work hard on all your projects not just your music ones to ensure you develop

and improve on a wider variety of skills.

Comments:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Che's attendance and punctuality is excellent. Che works very hard and completes work on time and to a high standard. Che is currently working on his group film trailer and has the role of a director, due to his project being chosen for production. Che is a good leader and therefore can direct the rest of the group easily. However, if Che want to produce a professional trailer he needs to ensure he put as much effort into filming and editing as he does put in on the soundtrack.

In ICT Che works very hard and if he continues to attend and develop his skills he will be able to pass the exam.

Review Term: Autumn

Review: Che is enjoying his classes and is making some good progress. The balance of the course is appealing to him. I am confident that Che will be successful on the course, however we do need to manage his medication and ensure that he is always able to attend on time as he has been late for a few classes so far this term.

Issues Raised:

Review Term: Spring

Review:

Issues Raised: Che has sickle cell and needs flexible learning at times. He is on course with all of his work and is a very able student. He is a pleasure to teach and I can see that he is making progress and learning many new skills.
