The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: To continue to complete theory work and assessments

You work well in class and are always on time. You need to become more confident in the subject of application of make up and manicure routine then you will succeed. Try and work with all of the team members. You are helpful

and are the first to volunteer to get things from dispensary. Well done!
