#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

**Smart Targets:** 

Antony, the work you have produced so far has been very good. Your

extended break from college may cause you to fall behind a little in your work

but you are clearly capable of acheiveing a high grade. You should set yourself a target of acheiving MERIT foe all assignments but are certainly

capable of DISTINCTION if you can find the right work/life balance!

Review Term: Autumn

Review: Antony has made a strong start to the course. He is a polite, friendly and intelligent young man and I feel he will do very well both at college and at university and beyond. His work so far has been to a superb standard and his knowledge levels are already very high. Antony should aim to continue with this attitude as I beleive him capable of achieving a Distinction grade. He must attend all lessons to acheive this and not be distracted by outside influences, as much fun as they may seem! Well done Antony and keep up the good work!
