- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Less talking and more continuing with the tasks provided.

The Level 3 Creative and Media Diploma is designed to provide learners with a wide variety of practical and theoretical skills in the Film and Video Production Industries, Print-Based Media Industries and Interactive Media Industries, whilst enhance learners with theoretical knowledge relating to job roles and career paths in the creative media industries.

Comments:

Nana's attendance and punctuality is good and she works well in all classes. In Nana's Print-Based Media sessions she had to research what the magazine industries are about and how they research into target audiences for their products. Nana then had to produce her own research and make a magazine cover based on this. Nana has done well in this unit and her sketchbook is satisfactory and demonstrates good knowledge of the print-based media industries. Nana also worked well on her magazine cover and handled Adobe Photoshop software confidently and competently. Nana now needs to continue working like this to get the grades she deserves at the end of the course. Well done.
