#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

The way you talk to me sometimes can not go on you spend far much time chatting and not making any effort with work this must stop you are on a behaviour contract and if no improvement is made i will set a Action plan in place with myself and john nosworthy so that we can track your actions on a better note with you putting the effort in we can move forward and settle down Roger Green. Review: Lewis, you are working well in your functional skills lessons but you need to concentrate more and stop spending too much of your time chatting and messing about when there is still work to do. We need to work together to get you to a standard to be able to pass your functional skills maths exams in May 2012 which, if you can reduce the amount of time chatting and messing about is a very achievable target

Review: Lewis your work and progression upto this point has been good and apart from your chatting that sometimes gets excessive you are a pleasant student to teach in both workshops and classrooms. Keep up this work ethic and progression onto next years course should be an easy one. Well done
