### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

Daniel has made very good progress with his IT skills this term and has clearly shown that he is able, bright and capable of high quality work. He has had some issues with his behaviour though. I hope that he can mature a little and find time to avoid certain distractions at college and really focus on his future career. He can do it, just needs to push himself to be more disciplined. However we are confident that he will pass the course with the projects he has delivered for Unit 4, 1 7, 8, 10 and 3.

#### Comments / Reference / Targets

Daniel is very bright and capable. he also is keen to show his creativity, however of late there has been a big change from him where he seems to have become disenchanted with the course. I have tried to find out if the teaching, content or group are effecting him, but he has just said to me everything is fine. I have not seen Daniel in class for some time now and am worried for his welfare. I have issued a cause for concern and after Xmas will look deeper in to if there any external factors that maybe effecting his progression.

**Smart Targets:** 

Improve attendance to ensure you can pass the course.

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Comments:

Daniel's attendance and punctuality needs improving as he has recently missed several lessons and as a result he may not be able to pass the course. He does try his best to complete tasks set and is a very able student. Daniel did well in the induction activity by researching a range of job roles and media sectors. However, if Daniel wants to pass the course he needs to commit to all aspects of the course and ensure he works hard with his group to produce a good trailer.

For Functional Skills ICT Daniel is superb and will be able to pass the exam.

#### Comments / Reference / Targets

Daniel has been studying Audio Production and is exhibiting some good skills in class.

**Smart Targets:** 

However he knows that he is a little talkative and has set himself the target of only talking about the class task at hand - no idle gossip! And he has agreed not to talk when the teacher is teaching.

Being on time: I am going to leave the house at 10 am every day for college. I wake up at 7am so this shouldn't be a problem.

#### Comments / Reference / Targets

Review Term: Autumn

Review: Daniel has made a good start to the course and is enjoying his classes. I hope that he keeps this up and shows us his potential in the weeks to come. So far he seems to enjoy his classes and has made some good music in mine. Daniel is also looking forward to making some videos in his classes with Sherine and Sabina.

Issues Raised:

Cyrus Armstrong - James.

Daniel of late has become a little distracted by other departments within the college. He is aware of this and has let me know that he is going to focus on his work and avoid these distractions. He is very bright and shows flare in his production work. There is a little negativity there on occassion and I feel that he maybe frustrated with the level of the course as he does exhibit some level 2 traits. I hope that he will finish the course with a new found positivity in order for us to think about him for next year's level 2 cohort.
