The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

GC2MMTH1-1DA11G/MTH GCSE Maths			

Comments / Reference / Targets

Smart Targets:

Mohamed has very poor attendance record and this has affected his progress in maths. Mohamed is very able in maths according to initial assessment however did not take the subject seriously enough to show his true potential. Mohamed has not handed in any of the homework set, in total he missed seven. Mohamed did not complete his assessment test recently and scored only 7%. Mohamed needs to improve his attendance and work habit.

Comments:

Mohamed needs to do the homework on averages, representation of data, scatter graphs, sequences, algebra, probability, indices and score 60 % in the next test if he is still continuing with this subject

Abbas Abedi.
