As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review:

Hamid,

you are working extremely well in the functional skills lessons and I am very impressed with your attitude and participation in the lessons. If you find some of the language used during the lesson hard to understand please do not hesitate to ask for more confirmation. You are progressing very well and look forward to a similar level of participation and activity in the 2012 upto your Functional skills exams in May 2012.

Review:

Hamid your work and progression upto this point has been very good and you are a pleasure to teach in both workshops and classrooms. You sometimes get distracted by others in the group which could ultimately effect you completing your course. Try to stop being distracted and concentrate on your work and progression onto next years course should be an easy one. Well done..
