#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### Comments:

We have been doing work involving place value, multiplying, dividing, subtracting and dividing. We have also looked at calculations to do with time in various formats. You has coped with the work and shown an understanding of when to use the different calculation methods. You need to show all of your working out to gain full marks.

Look at your bksb diagnostic results print out and complete the first of the paper based resources exercises. Make sure you show all working out. Print off the results and bring them to your class.

Review Term: Autumn

Review: Dillon, you can produce some very good work but you need to stay more focused on your work and not be distracted so easily. Also stop looking for the easy way of doing things we need quality from you not a nearly good job. Also get your attendance and punctuality organised, you will be on a 3 week report and it is your responsibility to get it filled out.

Review Term: Autumn/Spring/Summer

Review: you have produced some good work this term but I don't think you are showing all you are capable of. I believe that if you really put your mind to it you can produce even better work. Maybe a change of "friendships" in the classroom will do you good and help your concentration. Try it for the New Year.
