The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Arvin, during my lesson you are on task and focused. Well done. Especially as you enrolled late on this course, you seem to have integrated well in my

Comments: lesson. You take directions well and all techniques taught have been

achieved to a high standard by you. Remember that visual research must be used to enhance and aid you in your design ideas, which is why your images

must be of a high standard and large enough to collect ideas from.

Review Term: Autumn/Spring/Summer

Review: Arvin your practical work is good however you need to spend more time researching and annotating your work

Issues Raised:

Jeannie Buchanan.

Review Term: Autumn/Spring/Summer

Review: Arvin you have had a positive first term on the BTEC level 3 Diploma, I have seen you make considerable improvements throughout the term. You are now punctual for lessons and keen to do well aiming for merit and distinction with your assignments.

Issues Raised: I am aware that you have not previously undertaken an art based course and as a result of this you have had to play catch up with many techniques and processes during the first term, your are to be commended for this. You need to keep the momentum up this term and make full use of your time in lessons avoiding any time wasting as this will have a negative impact on your grades. Homework is a must and particularly for you as you need time to practice and refine your newly acquired skills. Keep the momentum going to achieve merit and subsequently distinction grades.
