Mustafa, you are working extremely well in the functional skills lessons and I am very impressed with your attitude and participation in the lessons. If you find some of the language used during the lesson hard to understand please do not hesitate to ask for more confirmation. You are progressing very well and look forward to a similar level of participation and activity in the 2012 upto your Functional skills exams in May 2012.

You Seem to struggle on some aspects of the course so you need to let us know if you need extra help with any of your college work. Keep up this excellent work ethic and well done..
