#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

Improve attendance as this is below the college average and means you are not getting the most out of the course.

**Smart Targets:** 

Attend all functional skills classes to ensure you improve your literacy skills and earn an extra qualification that will be extremely useful in life.

Improve written work by attending more and following the task handouts to ensure you can pass.

Sam your attendance is very poor and needs improving. You are a very creative and fast thinking individual who works extremely hard with all practical work and produces high quality distinction grade material.

Unfortunately you written work lets you down and this count for at least 1/4 of your grades. Please use class handouts, library book and research more to ensure your written work does not affect your overall grades. You need to push yourself more to get the grades you deserve and are capable of.

Sherine George.
