The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Ezana is a friendly student who shows some enthusiasm toward the subject. He does however find carpentry practicley challenging, and tend to rush at his work, resulting in careless mistakes. Also, he can get confused when he doesn't always listen to instructions carefully enough. He should make an effort to be more actively involved during lessons. I would like to see him make more effort to avoid being distracted during lessons. He should try to improve the presentation of his practicle work.

The group has worked on sentences, punctuation and grammar. We have looked at complete sentences, capital letters, end of sentence punctuations, commas, apostrophes and quotation marks. In grammar we have looked at verbs, nouns, subject and predicate. We have covered subject and verb agreement. We have learned how to log onto keyskills4u.com and created an account. He has worked well on his own and within the group to produce some good work. He can do much better if he focuses on his tasks instead of other issues which are not related to his lessons.

Review Term: Autumn

Review:

The E2E programme is designed to provide service users with the opportunity to experience the widest ranges of skills in Construction as well as helping them to build up their English communications skills. In Tutorials we have covered the importance of setting and adhering to the learners' own rules as well as college rules, respect for each other, for staff and one another's work within the framework of anti-bullying policy, along with other E.L.M. themes.

Ezana, you have weak attendance generally on the E2E programme and yet outstanding attendance to Tutorials. Your punctuality is rated as very good across the E2E programme. You work positively in tutorials and across the rest of the E2E programme. You occasionally seem to act inappropriately with some of your colleagues which will be monitored closely to help you avoid making any mistakes which could end your place on the E2E course or prevent you from being progressed to a Level 1 course in the New Year. Your occasional lack of concentration to lecturers' instructions and sometimes allowing other learners to distract you are holding you back from producing some good quality work.

Issues Raised: Your target should be to keep away form distracting or touching any other student's work, if you are to achieve successfully on the E2E programme to progress safely to a Level 1 course in the New Year.

Carl Kastrup.

Issues Raised: None

Derek Munro.

Review Term: Autumn/Spring/Summer

Review: Ezana has done little revision and this shows in class. He is a capable learner but lacks motivation in theory. In practical he works steadily but needs to think about relating theory to practical. Ezana you will need to read through your notes and text book to help you remember what we have gone through.

Issues Raised: Performance

Derek Munro.

Review Term: Spring

Review: Ezana is not performing upto standard and has given every lecturer great cause for concern. He needs to concentrate in class and get on with his own learning.
