#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Yo are working well at E3 and always complete set tasks. You make positive contributions to activities and work well with others in the class.
In the last mock test you scored 56% for reading. This is below pass and I am confident you can do better. Please check your answers wiyh a classmate.
Speaking and Listening - You are confident and are on target to achieve. You need to be more confident in expressing opinions and in making suggestions. in discussions give reasons for your opinion.
Reading - You are confident but miss the detail in text. You need to develop skills in extracting key points from text and be clear about what is being asked. Identify the key words in exam questions then look for the specific information.
Writing - You are confident in your writing. You need to proof read your work, checking for grammar and spelling before submitting. You also need to structure your writing grouping ideas in one paragraph and sequencing the order of events.

Excellent attendance and punctuality Tshepang-keep it up!!

Tshepang is a very good student who is very able and gets on well with all learners and teachers.

He is an able student who picks new things up quickly however there are times when he gets distracted and talks to other students too much.

He needs to work on his use of tenses and punctuation in order to improve his writing. He also needs to practise reading for detail in a text.

He has completed 3 units in EDEXCEL Workskills and will nowneed to work hard in all his lessons to complete all of the EDEXCEL Personal & Social Development Units within the deadline. I am confident that with continued effort he will have no difficulty to pass the Entry Speaking and Listening exams in April.
