As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

Rehyan's attendance and punctuality is very good and has drastically improved since the start of the term. In Rehyan's Print-Based Media sessions she had to research what the magazine industries are about and how they research into target audiences for their products. Rehyan then had to produce her own research and make a magazine cover based on this. Rehyan has done extremely well in this unit and her sketchbook is very well presented and demonstrates good knowledge of the print-based media industries. Rehyan also worked well on her magazine covers! She handled Adobe Photoshop software confidently and competently. Rehyan now needs to continue working like this to get the distinction grades she deserves at the end of the course. Well done.

Sherine George.

To improve your grade from a M to a D, write a report outlining the following by Monday 12/12/11:

Smart Targets:

- More thorough analysis of technical execution: use of sound/location/mise en scene/camera movements and WHY in relation to target audience!!!
- Critical comparison of 3 adverts and ethical issues relating to content

This term the students have been analysing TV advertisements in great details in order to produce and edit their own advert in the second half of Term 1. The students also had to pitch their idea to their teacher and peers. Rehyan is a very pleasant student who is keen to obtain the higher grades on the course. The quality of her work is outstanding as well as her behaviour in class. She is very respectful to her peers and members of staff. Very well done indeed!
