The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Taran has had some personal issues that has effected her attendance and this means that she is behind in her work, although she has shown improvement since she has been back. I still need one essay from her. Jim Jack.

Smart Targets: Complete all outstanding work for this unit

Taran, am very pleased with the fact that you are determined to catch up with the work you`re behind in. You began this unit late and at first you were

distracted and chatty. However in the past 2 weeks you have got your head

down annd focused on what YOU have to do to pass this unit. Well done.

Comments:

Taran was a late starter on this course, her attendance reflects this. However, she has worked hard to catch up and stay on target. She is engaging and focused during lessons. Her grade relects her commitment and desire to do well.

Smart Targets: Wake up early and arrive at college on time.

Comments: You have to focus if you want to move up to Level 3

There is no excuse for Tarans low attendance. Even though she will eventually catches up and produce the work, this unit is different as it requires contuned one to one tutoral (research based unit and requires students to work independently, be organised and self motivated).
