#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Spring

Review:

Attendance = 92%

Punctuality = 91%

Good attendance and punctuality. Could even be better especially in English and maths.

You have been working quite hard and meeting your deadlines for work. Your work has been of a good standard throughout the first and second terms. Continue to work hard.

In Biology you need to complete some corrections to U 10 assignments as agreed in your targets. You are doing quite well.

You are doing very well in Physics. You are also doing very well in Chemistry.

In GCSE maths you have a number of outstanding homeworks to complete but you work hard in class. Some of your homework grades need improving and also some of your test grades. Your less than good attendance may be a contributory factor in this area.

You rFunctional Skills work is reasonably good but this could improve even further if you pay more attention to this subject and improve your attendance.

Continue to work in all areas as highlighted in your targets so that you can be successful on this course. You have the potential to do well and in the future.
