The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Spring

Review:

Piotr, you work well in class and work well with others. Your attendance is just below the college target, so do be careful that this improves and does not fall lower.

You scored 19 out of 40 in the end of term 1 mock exam. This is a little lower than I'd hoped, so you will need to work hard to increase your score. You can help yourself by attending every lesson on time, doing your homework and practising on the Ezone at home.

I have asked you to write in mixed case (not block capitals) and you have made an effort to do this.

Thank you for your contribution to the class in the first term.
