The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

Attend every lesson.

2. Listen to and follow instructions in class.

3. Be more cooperative and less resistant in class.

Prince shows great potential in ICT however he lacks discipline and is sometimes quite resistant and disruptive in class. He generally completes work that is set in class, but can sometimes be easily distracted by his peers.

He must do his spelling homework when it is set in order to be able to

improve his spelling. He must also remember to come to class prepared with

a pen and his record of work.

Review Term: Autumn

Review: personal target

Issues Raised: none

This term students have been studying Health by giving personal information about themselves, making an appointment with the doctor and dentist, asking for medicines at the chemist's reading and writing information at the doctor's, learning words for parts of the body, writing appointments in a diary and reading instructions on medicines.

Prince is quite confident in his speaking skills he is able to use all tenses correctly in spoken English however, he sometimes gets confused when writing. Prince needs to concentrate on the presentation of his work as he has difficultly writing on the line. He can improve his writing by taking handwriting books from the library and practising.

Prince needs to improve his grammar when writing and also his spelling he can do this by visiting the library and taking books out to help him with his spelling.

Ashi Akbar.
