The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

During this block the whole group has been working on basic IT concepts and Health & Safety in the IT environment. Majlinda settled well in the class and maintained a 100% attendance and punctuality. Majlinda is making excellent progress and will benefit even more from focusing on the targets set.

1) Keep a vocabulary booklet where she can write new terms and concepts. Use examples when or illustration. This will enable her to build the language necessary to progress with the rest of the course.

2) Presenting and communicating information

Skills for Life ESOL diagnostics show Majlinda's listening and writing skills to be 'consolidating' (i.e. at the expected level for a Level 1 learner), but her reading skills are 'emerging' (i.e. below the expected level for a Level 1 learner), so she needs to improve these by the time she takes the Adult Literacy exam next summer. Her grammar skills are also slightly below the expected level, so she needs to work on these as well.

After 8 weeks her attendance and punctuality are both 100%.

Comments:

Majlinda, your ESOL work this term has been quite good, but you've still got as lot to do before the exam! Also, you've failed to submit 2 exercises. You've

attended 87.5% of my lessons, which is good, but it should be 100%!

Majinda, you are a very easy going friendly team member, your confidence has grown through the term, sharing more of your prior knowledge with the group. Working through the unit packs, doing all of the exercises will be good

practice for revision. Keep up the good work.
