#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### Comments / Reference / Targets

Smart Targets: Return to task 1 and explain how media and materials have been used in the

work of others

Although you still have work to do on task 1 I am pleased with the work that you are doing for task 2, you are exploring line and collage well within the theme to arrive at some interesting illustrations. The best way for you to achieve a merit is to do more work at home much the same as you are doing

now.

Jeannie Buchanan.

## Modules:

ND3MARD1-1DA22B/SDP Unit 22: SttngUpArt&Design Studio /Surface Pattern, ND3MARD1-1DA22B/FMP Final Major Project

Smart Targets:

Izzu, well done with the photoshop designs produced (it was a new technique for you), experiment more with it to master it. Now you have a mentor, I expect you to keep up with the pace of the work given. You have always been good with your visual research, but now you have to be more selective with the images you collect. Make sure to include (in your sketchbook) only the images that will aid you in your design ideas.
