#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** Begin devising ideas for your Stop Motion Animation TV Advert.

> Students are working towards the creation of a Stop Motion Animation TV advert. Learners are currently researching the historical developments of film and editing techniques and Stop Motion Animation. For task 1, students are to write a report and produce a time-line illustrating the history of Stop Motion Animation.

Comments: Jason has excellent attendance and punctuality, his report on the Historical

> Developments of Editing is very good and I am confident that Jason will achieve a distinction grade for Unit 54: Film and Video Editing Techniques. Jason is a keen individual who is committed to the course and will produce a creative Stop Motion Animation advert by the end of the project if he

continues to work hard and attend all lessons. Keep up the good work.

Smart Targets: Practice observational drawing at home

It is vital that you draw at home to support the work that we do in class, we have very limited time for this unit and a great deal of work to get through.

Practice the skills we learn in class and you will quickly become skillful

drawing from obsevation.

Jeannie Buchanan.
