## The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Practice observational drawing at home

It is vital that you draw at home to support the work that we do in class, we

Comments: have very limited time for this unit and a great deal of work to get through.

Practice the skills we learn in class and you will quickly become skillful

drawing from obsevation.

Yanique, you have made a sound start to the unit, however I feel that not much progress has happened with regard to editing audio or completing the worksheet. Please can you make this a top priority and complete all outstanding work for me by the end of January.

Complete task 1 of the assignment brief

Students are working towards the creation of a Stop Motion Animation TV advert. Learners are currently researching the historical developments of film and editing techniques and Stop Motion Animation. For task 1, students are to write a report and produce a timeline illustrating the history of Stop Motion Animation.

Yaniqu has very poor attendance and as a result she has got more and more behind with work. Yaniqu struggles with written tasks and therefore she will need to be working on task 1 at home in addition to class times. Yaniqu must submit drafts of her written work to ensure it can be checked and she can gain feedback to meet the pass criteria. Yaniqu also need to get enough sleep the night before as she often falls asleep in class and lacks concentration. It is crucial Yaniqu gives the course everything as she will need to acquire as many skills possible for work or university, therefore i strongly advise Yaniqu to attend all lessons, complete work at home and submit drafts of work before the final deadline.

For functional skills, Yaniqu's attendance is very poor and she has missed several lesson. Yaniqu is working at Entry 3 level which is below the level she should be for the course. If Yaniqu is planning to go to university next academic year she really need to develop her basic literacy skills through functional skills lessons and at home. She should use Bitesize (<a href="http://www.bbc.co.uk/schools/gcsebitesize/">http://www.bbc.co.uk/schools/gcsebitesize/</a>) to develop her spelling and grammar.
