The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Students are currently working on Unit 7: Understanding the Creative Media Sector and Unit 8 Understanding the Television and Film Industries. As part of these units students are required to demonstrate their understanding of how the the creative media sector is structured and and the various constraints that media companies have to work within as well as identify job roles available within the creative media sector in the form of reports and research folders. For the final task students are required to prepare personal career development material in the form of a video production showreel and take part in a mock interview where they will highlight their skills and qualifications relevant to the position they have applied for also demonstrating their self presentation skills.

Comments:

Augustine has an excellent attendance and punctuality record and is always polite. However, he is very easily distracted in class and needs constant supervision to get his work done. In order for him to get the extended diploma Augustine needs to ensure that he completes work to the best of his ability and not leave work to the last minute. I will be assessing his progress in the new year to decide if he is able to complete with the extended diploma.

Sabina Narayanan.

More attention during lessons

Submit TASK 1 by Tuesday 1st November

Submit TASK 2 by Monday 7th November

This term the students have been learning about the principles and development of editing. In order to demonstrate their understanding of the topic, the students had to submit a report which constitutes the first task for Unit 16. Unit 16: Film and Video Editing techniques is taught in conjunction with Unit 4: Creative Media Production Management Project. In order to pass both units the students have to generate ideas for a trailer, go into production

and finally individually edit their work.

Augustine is a very pleasant learner who is able to generate very creative and interesting work. Augustine is very polite to members of staff and respectful of others. More attention and effort are required to achieve higher grades.

To pass these units you need to do the following:

Smart Targets:

- Complete task 1: research on print-based media products and techniques
- Complete print-based media advert and put this into InDesign
- Complete evaluation.

Students are currently developing their print-based media production skills and journalist techniques, by creating a magazine spread using Adobe InDesign software and a print-based media advertisement using Adobe Photoshop software. For this unit students had to research on the print-based media industry, print-based media products and participate in a traditional hand print-based media production workshop. The final task was to create a magazine article to go with the genre of the magazine covers they created last year and a print-based media advertisement to target a specific audience. This was to be presented in the form of a magazine spread with front cover and print advertisement.

Comments:

Augustine's attendance and punctuality is excellent and therefore it is difficult to understand why Augustine misses deadlines. During class Augustine talks too much and works very slowly. Augustine missed task 1 deadline and therefore he may not be able to achieve his desired grades. However, Augustine has worked very hard on his magazine article and produced a very good spread using InDesign software. Augustine is very good at practical work and picks up skills very quickly. In order to pass these units Augustine needs to work hard on all tasks set not just the practical ones and not allow himself to distract or get distracted by others, as this makes him fall behind with his work

Personal Targets

Area of Development:	UCAS	Sabina Narayanan Date Set: 14 September 2011 Deadline: 19 September 2011
S.M.A.R.T. Target:	Pay £22 UCAS fee by Monday 19th September 2011	Deadline: 19 September 2011

Area of Development:	Written work	Sabina Narayanan Date Set: 14 September 2011 Deadline: 14 October 2011
S.M.A.R.T. Target:	Augustine, you are a very capable student with huge potential but you do not apply yourself. In order for you to achive Merits and Distinctions this year you must not leave written work to the last minute and ensure you carefully plan your time to meet deadlines. Yo must also carry out independant research outside of lesson time and not simply rely on theoretical lessons to complete your work.	Deadine. 14 October 2011

Area of Development:	submitting work	Sabina Narayanan Date Set: 2 November 2011 Deadline: 2 November 2011
S.M.A.R.T. Target:	Augustine, you have an excellent attendance and punctuality record but your work is currently at Pass standard. This is because you leave work until the last minute and hand in work late. You have expressed to me that you need Merit and Distinctions to go to university, however if you continue to submit work late you will not get the opportunity to improve therefore you will remain with Passes. You now need to decide if you want to do this!!	Deading. 2 November 2011
