As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Application of Numbers Subject Review

These are the topics the group has covered this term:

- · Reading and understanding the purpose of tables, pie chart, bar graphs and scatter graphs
- · Calculating percentage of an amount
- · Writing and checking calculations
- · Making pie chart and bar graph using excel
- · Reading diagrams
- · Making ratio calculation involving the dilution of hydrogen peroxide
- · Presenting results in diagrams

Engin's attendance is hugely problematic. He now needs to catch-up with a lot of work. He has just started his portfolio and unless he drastically improve his attendance, or undertake some independant study time he may not complete his portfolio by Christmas.
