The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Students are currently working on Unit 7: Understanding the Creative Media Sector and Unit 8 Understanding the Television and Film Industries. As part of these units students are required to demonstrate their understanding of how the the creative media sector is structured and and the various constraints that media companies have to work within as well as identify job roles available within the creative media sector in the form of reports and research folders. For the final task students are required to prepare personal career development material in the form of a video production showreel and take part in a mock interview where they will highlight their skills and qualifications relevant to the position they have applied for also demonstrating their self presentation skills.

Comments:

Andrew's attendance and punctuality has let him down this year and this has resulted in him not completing work and missing deadlines. He needs to ensure that he completes all work. He is also easily distracted in class and is currently being monitored as we feel he may not complete the Extended diploma if he continues to lack focus and continues not to submit work on time. Andrew needs to complete his showreel by Tuesday 13th December in order to pass these units.

To ensure you pass these units, please do the following:

Smart Targets:

- Complete task 1
- Put magazine article into InDesign
- Ensure advert is A4 portrait size and also imported into InDesign
- Evaluate work

Students are currently developing their print-based media production skills and journalist techniques, by creating a magazine spread using Adobe InDesign software and a print-based media advertisement using Adobe Photoshop software. For this unit students had to research on the print-based media industry, print-based media products and participate in a traditional hand print-based media production workshop. The final task was to create a magazine article to go with the genre of the magazine covers they created last year and a print-based media advertisement to target a specific audience. This was to be presented in the form of a magazine spread with front cover and print advertisement.

Comments:

Andrew's attendance has improved since the start of the term and his punctuality is very good. Andrew really struggled with task 1 of the assignment brief and did not meet the deadline. As a result Andrew may not achieve his desired grades. Andrew has excellent ideas and is in the process of producing a very good magazine article that demonstrates his journalistic skills. However, Andrew really needs to work more quickly to meet deadlines and not fall behind with his work. Andrew also needs to review professionals work to generate more ideas for his own projects and follow task handouts provided to ensure he meets the brief.

Smart Targets: Talking in Class and attendance and punctuality

Andrew, you are a huge distraction in class and not only are you disrupting your own learning but you are disrupting others too. You are currently working

at PPP and will not achieve the DMM you require to get into your first choice

university.

You need to do the homework on fractions (chapter 13), averages (chapter 18), directed numbers (chapter 6), scatter graphs (chapter 30), representation of data (chapter 14), probability (chapter 23), approximations (chapter 7), number (chapter 1), percentages (chapter 17), powers and roots (chapter 20), algebra 1(chapter 8), equations and inequalities (chapter19), ratio and proportion (chapter 24), Pythagoras (chapter 31), perimeter and area (chapter

9), three-dimensional shapes (chapter 25) and score 65% in the next test.

Andrew works adequately in class and has made good progress. Andrew has not handed in any of sixteen of the homework set and scored 51% in the recent test. Andrew needs to improve attendance and punctuality and

standard of his work to a grade C.

Personal Targets

Area of Development:	Attendance/punctuality/submission of work	Sabina Narayanan Date Set: 3 November 2011 Deadline: 3 November 2011
S.M.A.R.T. Target:	Andrew, Yyou are not working to your full potential and you can be very lazy at times. You are easily distracted by others in class and you also tend to distract others too. Because of your poor attendance you have only handed in 2 pieces of work in 7 weeks. One of which was handed in 3 weeks late! This has resulted in you going onto a Stage 1 Disciplinary and if you continue to fail to meet your agreed targets you will be moved to a Stage 2. You are currently working at Pass level and you said you need to get Merits to go to uni. However if you continue on this path you will not get the grades you want as you will not have the chance to improve on your grades.
