The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

During the last 6 weeks, in the assessment salon, the students have been completing their units for the level 1 portfolio. Learners have also continued to practice their practical skills on their blocks and on each other. In addition, all level 1 learners have acted as an assistant to the level 2 stylists. This has enabled them to continuously build their confidence

Mergiz arrives to the lesson on time with a positive attitude. She has demonstrated her abilities within her practical work. Mergiz on occassions can sometimes get distracted by getting into discussions with her peers. However she is able to maintain a polite attitude when asked to be quite.

Mergiz has the potential to achieve her qualification

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Mergiz has at times shown that she can be very lazy, she is not willing to learn new things. I personally do not think that she whant to be a hairdresser, she is just coming because her friend Fatos is attend the course. Megiz attendance and punctualituy has been excellent. Megiz work in the salon with Fatos but she perfer to do beauty. I think that she will be better attending the beauty course instead.

Mergiz has been exploring the amazing world of hairdressing! In practical we have been analysing the various styling techniques relevant to her course and the most suitable styling products available to carry them out to maximise effects! In theory we have discussed the benefits of a vigorous consultation and methods used to advise the clients.

Mergiz has attended lessons but needs to improve on her concentration level; she is often easily distracted or distracts other member of the group with an immature behaviour or comments!

Mergiz needs to focus more in lessons and take what she is doing more seriously to maximise the learning potential. She needs to work towards her personal target which has been set on the Ezone by herself. A positive image is needed to demonstrate her serious attitude towards her learning and this must be consistent!

For this term the learner have been introduced to cutting hair using basic techniques. They have developed and demonstrated their skills in cutting by practicing on a block during a practical session.

Mergiz works well when she puts her mind to it and can produce good work.

Mergiz target would be to try and complete task during lesson and less chatting to others.

Smart Targets: focus more in lesson and practice all hairddressing techniques eg. B/D, setting

Comments:

learners have been working on unit G20 health and safety, they understand and are aware of all the health and safety legislations and acts. they are able to follow them and put into practice what they have learnt in the salon.

Mergiz needs to improve her attendance for theory and practical, she is falling behind and is finding it hard to understanding. Her practical skills are good but doesn't put the effort in spends most of the time chatting and walking around.

My advise and target for Mergiz is to turn up for each lesson and less chatting and more work.

Marilyn Holder hairdressing theory tutor 1. During the past 6 week all level 1 learners in this theory session have been learning about the variety of different shampooing techniques. This included learning about health & safety and the professional ways of providing this service. Also- exploring the benefits of working in a team or independently.

Mergiz is very enthusiastic about working as a team or independently and is a very positive member of the group.

Target- is to revise for the H.1 test.

2. Mergis works well in a group environment as well as independently, but needs to refocus on the unit----, and not be influenced by the disruptive members of the group to achieve her full potential

Review Term: Autumn/Spring/Summer

Review: Autumn September 2009- November 2009

Issues Raised:

Mergiz has had an excellent start to hairdressing level 1. Her attendance and punctuality are excellent. She gets on well with her Peers and has been voted class representative. Mergiz contributes to discussions in Tutorial and also has the ability to lead her Peers when needed.

she can lose concentration at times but will settle down when asked to do so. I believe Mergiz is more than capable of successfully completing this qualification.

Maria Rees.

Review:

Issues Raised:

Mergiz has become more lively in the last term and easily distracts others from working when she is chatting with her friends, She is not the only one in the group that does this but this can be very annoying for learners who are trying to study.

Mergiz needs to follow directions from teachers regarding phone use when and where to. She needs to be aware of the college's Conduct for behaviour at all times in college.

When she does work she works well and if she settles down should pass this course. She has been made aware of how to do this and has listened to advice from myself, hopefully she will take it.

Maria Rees.

Review Term: Autumn/Spring/Summer

Review: Mergiz has worked well through out the course working independently as in the group environment. Mergiz's attendance has been 100%. In the theory lessons Megiz shows understanding and is passing her exams. I hope that she will continue pursuing a career in hairdressing and wish her all the best.

Review: 4th March 2011

Issues Raised: Class behaviour

You have been producing some good work, attending all classes and normaly punctual. This are excellent factors that will contribute towards good achievement.

You need to focus more with your work rather than talk a lot with other students next to you. You may not be aware but this iss contagious and incite others to follow in your footsteps and distract them from the tasks in hand and instead engage in your conversation.

You have to make better efforts in focusing more in whta you do becouse you do it very autonomously. You engage well in group discussion and participate in helping others. Again this very good potentials should lead you to be more confident and be top of the class showing good manners and respecting other fellow students and teacher.

Now it's a good time to reflect and start focusing more in your work

Take advantage of you good personal potentials and discard negative class behaviour.
