#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

Sophie, as usual the work produced is excellent, you are organised, forused

Comments: and willing to experiment with various materials and techniques more.

Remember, experimental work/ideas does not have to be produced in your sketchbook alone. Be more adventurous and produce work on a larger scale.

Elizabeth Eugene.

Your interim assessment highlighted several issues with your progress in this unit. Try not to restrict yourself to A4 for your ideas and explorations. The sketchbook is good for research but can restrict your work. Also it is important to build on prior knowledge keep looking at the work you have completed for

this and other units and try to work to your strengths.
