#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

I am very pleased with Pennys progress for this unit and the work she has produced. She is one of the quiet members of her group, she listens and doesn't ask for help or guidance. This is because she can pick up instruction very quickly and can get on task almost immediately, producing samples and ideas which that are of a very high level. Well done.
