As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review:

Josh is a mature young man who has displayed excellent dedication to improving himself. He now needs to focus on the following areas:

- 1) Referencing Use of the numeric referencing system. Without this you risk disciplinary action and failing assignments due to plagiarism.
- 2) Meeting deadlines You need to be strategic with how he plans his time. Plan to complete all the pass criteria before attempting the merit criteria for first hand in.

Review:

Joshua has been well organised and is starting to get to grips with the workload of the course. He needs to continue working hard if he is to succeed on the course and now needs to pay attention to improving the quality of his work. In particular, he needs to improve his note taking in lessons in order to develop his understanding of the topic.
