The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

Abidulay has been making better progress this term. He is improving with FS classes and is showing some good skills in his practical classes. There are still some issues with ICT which he should practise on. However we are confident that he will pass the course with the projects he has delivered for Unit 4, 1 7, 8, 10 and 3.

Improve ICT skills by coming to every lesson on time.

Smart Targets: Participate to trailer task by editing your own version to improve your editing

skills.

Comments:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Abidulay's attendance and punctuality is very good. He is a very hard working individual who tries is best to complete tasks. Abidulay did very well in the induction activity by researching a range of job roles and media sectors. However, if Abidulay wants to pass the course he needs to commit to all aspects of the course and ensure he works hard with his group to produce a good trailer.

For Functional Skills ICT Abidulay struggles with some areas of IT, however, due to his keenness and enthusiasm he should be able to pass the exam if he attends every lesson on time every week.

Review Term: Autumn/Spring/Summer

Review: Subject work overall

Issues Raised:

Abidulay wants to improve his work across all of the units within the course. He also struggles a little with maintaining focus. Abidulay is now keeping a notebook to put everything in. Cyrus Armstrong - James.

Abidulay has made a keen start to his study and is beginning to find his feet on the course. I have been impressed with his attitude and he is making progress with his classes. He does however struggle a little with Functional Skills and I would urge him to take on some mentoring in the new year. We will, together, look at supporting himwith this so that he can reach his potential on the course.
