The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Hand in work on time

Junior has been performing poorly so far this year and has completed work to a satisfactory standard which is not good to see. His attendance and punctuality has been up and down and this has reflected in his quality of work, although he has made improvement in the past few weeks. It is important for him to continue as he can complete the course within the next 2 months, if he works hard from now on. He has some good practical sessions and has worked on a satisfactory level on the units this year, he must ensure he keeps his attendance levels up otherwise he will fail the course.

Smart Targets:

Junior's level of performance last term was poor, but recently has improved. His attendance alone is below the high standard that we expect here at the college. He has made little academic progress this year, but recently has ensured that he makes academic improvements and has benefitted from assignment workshops put on and has almost passed 3 units. Targets have been implemented on ezone to help him achieve his best. Junior has a lot of potential to succeed, but fails to use it. We have now started a new unit Practical Sport where he will study a range of different sports. Overall Junior has improved recently and must keep this up.

Review Term: Spring

Review:

Juniorhas not been working to the best of his ability. His progress has been slow and could be working much harder in all of his units for all teachers. He needs to focus on his course and what he wants to achieve now before it gets too late. We are now approaching the end of the year and 4 units should be completed. I believe that Junior has the potential to achieve his best, but needs to demonstrate his true ability
