The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

This term students have been working on various units: Unit 1 Research Techniques for Creative Media Production, Unit 20 Factual Production for the Creative Media, Unit 3 The Creative Media Sector and Unit 21 Creative Media Production Project. They have learnt how to use green screen and new techniques in Final Cut Pro, as well as improving their research skills and understanding of the media sector. All students are working on a final major project in different format that will be completed in Term 3.

Comments:

You are doing well on the course and produce work of good to very good quality. You have a very good relationship with your peers and teachers. You are a little behind on your final major project and need to be in production after the Easter break.
