The College of Haringey, Enfield and North East London

Learner Review

08 March 2012

Learner: Zechariah Dankwa Personal Tutor: Mario Amico

Key to Attendance and Punctuality percentages

- 100% to 92% is green status
- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Zechariah has worked well this term and has produced some good work in both his practical and theory lessons. We have been working towards the practical assessment for unit 3. Zec has passed the assessment and achieved a pass mark. He has now completed about 70% of this unit and is up to date with most of his work. Although Zec has been a late starter he has settled down well.

Zech started to do carpentry at the end of April and it takes time to get used to using the vast amount of tools that carpenters use.

A great amount of eye hand co-ordination is needed to use the tools accurately.

The first project that the learner undertakes is a Galleon, during this project the learner has to use a wide range of tools which include the following marking out tools:-

Ruler, pencil, marking gauge, try square, combination square, marking knife and a compass.

After marking out the Galleon the learner has to use the following tools to make it:-

Jack plane, smoothing plane, Rebate plane, Tenon saw, Panel saw, Coping saw, chisels and a Drill.

Zech demonstrates an understanding of using the tools and just needs to hone and practice the skills that he has learnt.

Ron Leek.

Keep taking your notes which you will need so much to help you with the Unit **Smart Targets:**

103 on-line exam which i am entering your group to sit just before the

Christmas break.

Though you had a poor start to the course with attendance and punctuality

you now are a regular attender. You are getting stuck in with your theory and

your practical work. Well done and keep up the good work.

Gary Waldon.

Zechariah is a friendly member of the group who displays considerable interest in the subject and participates with enthusiasm. Although he missed the first few weeks of the course he has made a good start and is developing a good general construction knowledge. He is always willing to share his ideas with the rest of the class. His attendance record has suffered due to his late start, and his punctuality could improve. The general quality of his written work has been good, both in terms of content and presentation. I hope he can sustain his current interest in and enthusiasm towards construction.

Yassin has worked really well this term and has produced some excellent work in both his practical and theory lessons. We have been working towards the practical assessment for unit 3. Yassin has passed the assessment and achieved a merit. He has now completed about 70% of this unit and is up to date with all the work. Yassin has been a joy to teach and always turns up with the right attitude and with a smile on his face. Well done

Mark Furneaux.

Tutor Review

Comments / Reference / Targets

Review Term: Autumn/Spring/Summer

Review:

Issues Raised:

Zechariah is a reserved member of the group who displays a quiet interest in the subject and participates well in classwork. He is building up his construction knowledge quite well with a number of further assignments compleded. The general quality of his written work has been good, both in terms of content and presentation. Zechariah needs to continue to work towards gaining good assignment marks for the remainder of the year. Overall, a good first year so far, keep up the good work!

Damian McGeary.

Review Term: Autumn 2010

Review: Tutor review/construction theory

Issues Raised:

Zechariah is an able member of the group who displays an interest in the subject and appears to enjoy the work He is developing a good general construction knowledge and is usually willing to share his ideas with the rest of the class during discussion. Zechariah has completed a number of units and is now working towards the examination in 'Unit 4, Methods and Materials'. His written work has been very variable, occasionally excellent, but too often superficial and/or rushed. He should aim to produce his best work at all times, and not allow himself to be distracted by others. Overall, Zechariah is progressing at a satisfactory rate through the course.

Damian McGeary.

Review Term: Spring

Review: Zechariah could do really well at basic carpentry but is badly let down by his poor attendance. he must improve attendance in order to use the tools more and improve the quality of his work.

Issues Raised:

poor attendance

i will set him a smart target to improve his attendance

Allan Jones.

Zechariah has made some progress in the course but often he has allowed himself to become distracted by other members of the group. He has been a very good student in the past and I hope that he will get himself back on track soon. Overall, Zechariah has put in a somewhat erratic performance. He has often been a decent and sensible student in the past but some of the work has proved difficult for him. He must do all he can to make up lost ground by devoting all his energies in the remaining months to completing his coursework portfolio, especially his project. I would like him to succeed but he will really have to make the necessary effort. He gained a good grade in the recent examined unit and this should encourage him to cotinue to make his best efforts to gain the diploma. Damian McGeary.

Review Term: Autumn/Spring/Summer

Review: Zack's attitude to the course.

Issues Raised: Zack has improved with his attendance and punctuality. Zack's attitude to the course has improve slight but he needs to step up his game plan even more.

Gary Waldon.

Review Term: Spring

Review: Zechariah needs to improve his work performance thou he achieves well he needs to work harder to get work done on time.

Issues Raised:
