#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### Comments / Reference / Targets

**Smart Targets:** 

Samuel often struggles to make coursework deadlines which affects his ability to keep up to date with work. SOme of his work has been to a high standard wheras other elements have let him down. This does show he is a capable student and that if he pushes himself far more than he has been he could

achieve a MERIT overall.

Review Term: Autumn

Review: Samuel made a slow start to the course. He initially struggled with attendance and punctuality. However, to his credit he has worked hard on this and I am pleased to say that his statistics for these elements have risen. His work so far has shown that he is capable of achieving at this level. He does need to ensure that he completes all work on time as missing coursework deadlines results in work being capped at a pass.
