#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: To get on with her work without getting distracted in every lesson

Comments:

Emmanuella's attendance and punctuality is very good. Emmanuella is doing well with her work, she is very focused and very keen to learn. She needs to get on with people in her class without arguing and not to tell people what to do. She needs to be cooperative and work in a team. Emmanuella overall she is doing well.smile

#### **Smart Targets:**

#### Spring term

The learners have been working towards completing their unit: - Out and About E1. The unit consists of going out into the community and observing what facilities are in our community.

Comments:

The learners have visited two local post offices, West Green Road and Broad Lane. The learners have also visited a bank and the Walthamstow market. Each visit has photographic evidence. The learner go out alternate weeks, the week they don't go out they do feedback of their visit in class.

#### Emmanuella

Really works hard in the class, when attending to written work. Emmanuella has participated in group activities in college and when using the community. Emmanuella has to be reminded on the odd occasions to focus on her own work and not to interrupt when other people are talking to the staff.
