### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

Review Term: Spring

Review:

Attendance = 56%

Punctuality = 88%

Your attendance is not that of a serious student and this betrays many weaknesses which have to be overcome if you are to be successful.

You have completed some work in recent weeks but much more needs to be completed.

The U 3 2nd and 3rd assignments need to be completed or corrected. Also the U 10 assignments need to be corrected as agreed in the setting up of your targets for the second term.

In Physics you have not been achieving grades in any of your U 2 assignments. The work has to improve to achieve minimum Ps. This will be reviewd by 16.04.12

Your Functional Skills work is not being done as you miss lessons.

Now that you have strted to complete some of the work, you must try much harder to meet all your targets.

Issues Raised: The poor attendance is hampering your progress and success. Level of maturity has not improved since the first term and you continue to suffer distractions.
