The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

This term we did: use alphabetic order by 2nd and 3rd letter to search for and find words in dictionary. Basic punctuation: full stops, capital letters, question marks and exclamation marks. Sentence structure: subject/verb agreement - does the sentence make sense? Proofreading: checking for basic punctuation mistakes (full stops, question marks and capital letters.

Attendance and punctuality: Abdulai only joined this class on 6th October. Since then he has missed 1 lesson but came to college to explain the reason.

Attitude to learning is good and he makes good contributions in class. He got 55% in his reading DA. He needs to work on spelling, punctuation and sentence structure. He should attend the Study Skills Centre for help in these areas.

Review Term: Autumn

Review: Attendance and punctuality: Abdulai missed 7 lessons of this course and so far has only attended 4 lessons. He has promised to attend regularly from now on.

Issues Raised:

Abdulai needs to work hard to catch up with the rest of the class. He must not miss any more classes. When he does attend he works hard. He needs to develop his handwriting and to slow down to ensure that he produces neat work.

Deirdre Ryan.

Review Term: Spring

Review: Abdulai your attendance is now at 82% but the college wants 85% minimum attendance. Your punctuality is 73% but the college wants 85%.
