As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

Comments:

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

#### Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Georgena attends regularly to classes both theory and practical lessons, we have agreed in the tutorial classes on the areas needing to improve which she works hard to improve on those area of weakness during the past weeks she has greatly improved on the area of cutting and this will help her when we start clients in the practical sessions as she will be ready for the coming assessments.

Georgena will need to start revising on unit GH12 GH8 in preparation for coming exams.

Georgena shows a lot of interest in finishing this course, has good plans for the future for hairdressing and i believe she can do this as she stays focus.

Georgena is a lovely person and a joy to teach.

In this unit Georgena has learning about Salon and Legal requirements. Working safe, effective and hygienically when shampooing, conditioning and treating hair. Basic science and more... Georgena has worked very well in contributing to class discussion, activities and completing homework on time. I would also recommend reading given text books and handouts to help re-enforce required knowledge. Another text book recommended to obtain is African Caribbean Hairdressing Second Edition by Sandra Gittens Renita Christophe.
