#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Improve attendance and punctuality so that you don't miss crucial lessons

that will help you pass the course.

Lewis has missed too may lessons and as a result he was unsure what to do in the exam. ICT come naturally to Lewis and he can pick up skills really quickly. However, if Lewis is going to pass the exam he needs to improve his

attendance to ensure he does not miss important aspects of IT that could be

in his exam.

**Smart Targets:** 

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

Comments:

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Lewis' attendance and punctuality is disappointing. As he has missed so many lessons he has failed to complete work for the creative Media sector. He is easily distracted in class and is always on his phone. In order for Lewis to pass this course he needs to ensure that he attends all lessons and completes all work set.
