The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn/
Review:
Attendance 70%
Punctuality 98.63%
Your attendance has been a cause for concern, however as discussed this has been due to healt issues but now you are better and I hope to see your attendance improve to a minimum of 80%.
Speaking and listening- You do not willingly contribute to discussions and it is important that you take part. In group discussions ask at least 3 questions asking for information or requesting clarification.
Reading - Your reading is improving and in the last mock test you scored 60%. Although this is below pass in the real exam it is good to see you working on strategies to improve. You need to answer all questions and look again at the questions, identify what is specifically being asked before you answer.
Writing - you are putting in some effort but need to think about planning your ideas about what you are going to write about. You can then write using the ideas you have in your plan. You must also ckeck your work for grammar and spelling.

Review Term: Spring

Review:

Attendance 79.76%

Punctuality 99%

Pawels attendance is worrying and this has an impact on his learning. Pawels attendance must improve to at least 85%

He is trying harder this term and usually works well but sometimes gets distracted. Sometimes he works very well but at other times he seems to get distracted.

Pawel needs to work on his spelling, use of tenses and punctuation in order to improve his writing. He also needs to practise reading for detail in a text.

He has completed 1 unit in EDEXCEL Workskills and needs to complete 2 more. He will need to work hard in all his lessons to complete all of the EDEXCEL Personal & Social Development Units within the deadline. With continued effort he can to pass the Entry 3 Speaking and Listening exams in April.

Issues Raised: Attendance must improve to at least 87%
