### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Subject	Attendance	Punctuality	
YPC Engagement in Construction YPC Engagement in Construction Atmn (T) (Tutorial & General Unit)	100% (10)	93% (7)	

### **Comments / Reference / Targets**

Aaron has been a pleasure to teach this term on the engagement course. He is a polite and valued member of his group.

Aaron has been working towards the brickwork section of his course this term. He has successfuylly completed this element. During this term Aaron has constructed a number of brick walling projects, along with learning how to prepare materials and how to safely erect and dismantle scaffolding.

I am sure Aaron will do well in the next section of the engagement programme(Motor mechanics after Xmas).

Targets for Aaron next term are to keep up his excellent attendandce and punctuality, remain focussed on his tasks and not get distracted by others. To increase his confidence and develop a'can do attitude'. If Aaron follows and achieves these targets, he will succeed on his course with little problem.

I wish Aaron every success in the future and for the remainder of his course.

Jamie Purser.
