The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Students are currently working on Unit 7: Understanding the Creative Media Sector and Unit 8 Understanding the Television and Film Industries. As part of these units students are required to demonstrate their understanding of how the the creative media sector is structured and and the various constraints that media companies have to work within as well as identify job roles available within the creative media sector in the form of reports and research folders. For the final task students are required to prepare personal career development material in the form of a video production showreel and take part in a mock interview where they will highlight their skills and qualifications relevant to the position they have applied for also demonstrating their self presentation skills.

Comments:

Sheryl is a bright young lady who when is focussed produces good work. However, she is easily distracted in class and does not complete all her work to deadlines. Sheryl needs to ensure that she works outside of college as well as in the classroom. Sheryl has yet to complete her showreel and this needs to be done by Tuesday 13th December. She has also yet to complete her mock interview which needs to be done by Tuesday too.

Complete evaluation ensuring you refer to the handout.

Students are currently developing their print-based media production skills and journalist techniques, by creating a magazine spread using Adobe InDesign software and a print-based media advertisement using Adobe Photoshop software. For this unit students had to research on the print-based media industry, print-based media products and participate in a traditional hand print-based media production workshop. The final task was to create a magazine article to go with the genre of the magazine covers they created last year and a print-based media advertisement to target a specific audience. This was to be presented in the form of a magazine spread with front cover

Comments:

and print advertisement.

Sheryl's attendance and punctuality is very good, She is a fantastic student who work very hard and completes work to a very high standard. Her research sketchbook is extremely neat with very good detailed information. Sheryl is developing a wide range of Photoshop and InDesign skills and if she continues to work like this she will be able to achieve very high grades. Sheryl has a great eye for design and would do very well in the print-based media industries.
