### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

#### Review:

Anilcan is a reserved member of the group who displays a quiet interest in the subject and can participates in practical work with enthusiasm. He does, however, tend to rush at his work, resulting in careless mistakes, whether in written answers or practical work. Also, he can get confused when he doesn't always listen to instructions carefully enough. Written work has been rather variable; but sometimes only just adequate. I would like to see him put more consistent effort into his homework. He needs to be more methodical in his approach to the subject He should make an effort to be more actively involved during lessons.

Review: Ali you have the ability to do well on this course but i feel your progress has stagnated and we need to address this in the new year. Your practical work in particular we need to concentrate on.

#### Issues Raised:

Practically you struggle and we need to review this so that you can move on to the next level. I nwould also like to see you participate in the theory lessons more.
