As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review:

Christopher, you are working extremely well in the functional skills lessons and I am very impressed with your attitude and participation in the lessons. You are progressing very well and look forward to a similar level of participation and activity in the 2012 upto your Functional skills exams in May 2012.

Review:

Chris your attendance is starting to slip at present which is affecting both your practical and theory studies. You are a pleasant student to teach and athough you have completed some work to date you need to improve your attendance immediately otherwise completion of this year's course and subsequent progression onto next year's course could be affected.
