#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

Comments:

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Kenneth is working extremely well. He is enthusiastic, and keen to carry out work in class and is working extremely well in his production group to complete a film trailer. He is always keen to contribute his thoughts during classroom discussions and ensures that the work he completes on the course is well presented to a high standard. His attendance is good.
