As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Keep to assignment deadline dates

Oliver has been performing well so far this year and has completed work to a high standard which is pleasing to see. His attendance and punctuality has been good and this has reflected in his good work. It is important for him to continue as he can complete the course within the next 2 months. He has produced good practical sessions and has worked well on the units this year, he must ensure he sticks to deadlines and completes work to the ability he

has.

Ollie has been no less than an excellent student for this year thus far. He has made fantastic achievements academically even with the pressures of playing a regular high standard of football. He works to a high standard and strives for the best grade possible which is reflected in his work. He studied Fitness testing and training, Sports development, and assessing risk in sport last term, and has now started Practical team Sport this term, all in which he is showing a high level of interest. His Attitude towards the course is outstanding, and his dedication to achieve is what makes him a great student. Overall I want Ollie to keep this high standard up.

Review Term: Spring

Review: Oliver has been an excellent student to have on my course this year. His progress has been outstanding and is working extremely hard in all of his units for all teachers. This is shown as he has completed 4 of 6 units, and just started study the last 2. He is an absolute pleasure to have on the course and a delight to tutor. His focus on what he wants to achieve academically and in sport drives him. I believe that Oliver will fill his potential and go far
