The Learner Review Procedure

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Dilan'sattendance record is excellent; which is highly commendable. It is hoped that these high standards can be maintained throughout the year. Her punctuality is also of a very high level. Again, this is to be commended. Her behaviour in class is very good and she is a keen learner. Her attitude in class is excellent. She is very focused on the assigned task and usually completes it in class. As a consequence the standard of her work is good to excellent. Dilan has the potential tobe an excellent achiever. Well done!

Target: to maintain high levels of attendance, punctuality, and work-rate in the next four weeks.

Dilan has attended well until todays session which is also the first hand in of assignments for the unit which raises concerns. I would expect a learner to email what they have managed if ill just to ensure she can have some feedback to work from and have asked her tutor to action this.

Dilan is positive in class and contributes well to group work and discussions.

Tutor Review

Comments / Reference / Targets Review Term: Autumn/Spring/Summer Review: Issues Raised: Neil Templeman. Review Term: Autumn/Spring/Summer Review: As her tutor - I am very pleased with Dilan's progress within the college. Her attendance and punctuality levels are excellent. All of the subject lecturer's are mostly happy with her attitude. All point to good work and progress within her courses. Issues Raised: Ther is, however, the issue of submitting assignments late. Two of Dilan's lecturers have raised concerns about this problem. This is an issue that must be rapidly addressed. Kenneth King. Review Term: Spring/ Review: Dilan was struggling with her courses and until recently it looked a possibility that she could fail the course. There was a big problem with attendance and lack of focus - with little or no work being handed in. There has been a recent improvement in attendance, attitude and workrate. Work is now being submitted and passed. However, there can be no room for complacency as there is still a long way to go. Issues Raised: Despite a recent improvement in attendance - Dilan's overall attendance is only 88%. She needs to attend every lesson from now on. Kenneth King.
