The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn/

Review:

Attendance 97.33%

Punctuality 95.89%

Your confidence in speaking is developing and you are doing well. You are working hard to keep up with your studies despite your work commitments. Well done keep up the effort.

Speaking and Listening. although you are developing confidence in speaking, you need to develop skills in listening for specific information for the exams. Listen to the news in English you could do this on your phone.

Reading - In your last mock test you scored 53%. This is an area you need to develop particularly in identifying key information. You also need to manage your time and answer all the questions.

Writing- your writing is improving and you can correct spelling when your work is marked. You need to proof read yor work to check for mistakes before submitting.
